Our Customer's Viewpoint

"The balcony created by Garden Connections is my favourite part of my condo home."

– DAVID H.

"When I bought my condo, one of the first things I had to do was to transform the harshness of the cold, bare balcony ... The Garden Connections results are awesome!"

– PETER T.

The Garden Connections team worked with us each step of the way ... they did all the heavy lifting with the Condo Board."

– JASON AND ANGELA L.

Your Balcony or Terrace, Your Way

We know that Design Creates Meaning – especially in challenging spaces like a bare balcony or terrace!

Our **Beautiful Balcony and Terrace Solution** program ensures you know what is happening at each step as your project develops.

Our interactive approach helps us explore with you to understand your lifestyle, your personal design style, and how you imagine using and enjoying your terrace as an extension of your home.

We take what we learn about you, your balcony or terrace, and your condo to develop a design that you can personalize to create a unique outdoor living experience for you, your family and guests.

And then we build it for you.

Did You Know?

WHAT IS THE DIFFERENCE BETWEEN A BALCONY AND A TERRACE?

A Balcony is a concrete slab that projects out from the exterior wall of a building. The balcony above provides a “ceiling”.

A Terrace is on the roof of a building and is open to the sky above.

WHY DOES MY BALCONY OR TERRACE UPGRADE REQUIRE BOARD APPROVAL?

Perhaps you don't know it, but you don't 'own' your balcony or terrace; you just have 'exclusive use' of it. These outdoor spaces are part of the common elements of your condominium building and are managed by your Condominium Board. Any alteration, addition or improvement requires Condo Board approval.

HOW IS GARDEN CONNECTIONS DIFFERENT FROM CONVENTIONAL DECKING COMPANIES?

Garden Connections creates outdoor living experiences, personalized to each homeowner. We're designers first and we manage the whole process, from “imagine” to install.

WHY SHOULDN'T I HAVE MY LANDSCAPER INSTALL MY BALCONY?

One reason is that a balcony or terrace is a very different from a backyard. A company with a track record working on balconies, makes it more likely you will obtain Board approval for your upgrade.
